I FATAL RELICOF THE BOMBARD. MENT OF FOOCHOW.

A very serious accident ougarred about 2 p.m. on the 4th instant at Ma Tau a village two miles. from the Custom House, Pagoda Anchorage. whereby three men were killed and a little boy dangerously injured. A rich farmer was the un lucky possessor of a shall, a souvenir of the bombardment of 84 by our friends from sunny France. He was assisted by two coolies in extracting the powder, and had reached the bottom of the shell where part of its contents had become a hard cake, and required the use of a hammer and bir of iron. About thirty people were watching the operations from outside the apartment in which they were going on, whea by a merciful interposition of providence a shower of rain threaten ed the growd ran away to get in the clothes and rice. Two minutes later the shell expladed. There can be no doubt the blows caused the

explosion. Two of the cuse were killed on the spot, while the third man lingered only a short time. The boy, a little chep of eight years, rather badly injured, having received a deep diagonal gash in the left groin, a compoun fracture in the left arm, and the fleshy part of the hand nearly torn off, while a slight wonn sidering an application from one Yung Chung, was inflicted on the forehead otherwise William Young, for the transfer to Immediately after the explasion Dr. Under-
